The employee shall move to the same salary alternate range and retain his/her salary rate and salary adjustment anniversary date.

Example: CC I, Range J to PA I, AP, Range J. NOTE: Time served in the classification of CC I, Range A/J does NOT count as time served in PA I, AP, Range A/J for purposes of completing 24 months in Range A/J. Upon movement to another class with a different salary range:

To determine the new ("to") appointment salary rate, Range J, Range K, Range L, and Range M employees will move from the appropriate rate in Range A, Range B, Range W, or Range X by reducing the based-on salary rate by one-step (5%). Apply the appropriate salary rule application to this reduced rate (other special pays and/or pay differentials, etc., may come into play).

The salary adjustment anniversary date is unaffected by this process. However, the anniversary date for Ranges A and J is subject to the R06 apprenticeship provisions and is not governed by CalHR anniversary rules. The new ("to") anniversary date is established based on the provisions of the new ("to") class, if applicable.

Effective March 1, 2002, upon promotion (+10% or more via list [A01] or permissive reinstatement [A02]) to an excluded class (M/S/C/E designation):

To determine the new (“to”) appointment salary rate, use the current Range J, or Range K, or Range L, or Range M salary rate and apply the appropriate salary rule application to this rate (other special pays and/or pay differentials, etc., may come into play).
