MEMORANDUM

To: PERSONNEL MANAGEMENT LIAISONS

Date: July 5, 1991

Reference Code: 91-43

From: Department of Personnel Administration

Subject: Review of DPA Regulation 599.922 (Reimbursement of Professional Fees - Excluded Employees)

If your department utilizes classifications in engineering, medicine, scientific, nursing, public health, professional forestry, education, or dietetics, please have the appropriate staff review this memorandum and Department of Personnel Administration (DPA) regulation 599.922 (attached) for the following.

Are the classification titles shown in this regulation correct for those classes used by your department?

Are there classifications used by your department which should be reviewed by the DPA for possible addition to the provisions of regulation 599.922?

Are there classifications used by your department that should be deleted from the provisions of 599.922 (e.g. abolished classes, etc)?

Would this list be easier to use if it contained the class code, schematic code, etc. (like the Pay Scales)?

In addition, the DPA is considering leaving the basic authority for payment of fees to each occupational group in this regulation, but removing the actual list of classes from this regulation and issuing the list of eligible classes periodically as needed in a Personnel Management Liaison memorandum. We are interested in your views on this. Would this procedural change cause you any operational concerns?

We are requesting that you respond to these questions by August 5, 1991, to Blanche Harbridge-Wright, Benefits Program Manager, (916) 327-8063.

Patricia Pavone, Chief,
Benefits Division
