Dependent vesting will now be 75% of the normal employer dependent portion of the contribution upon enrollment and then 100% by completion of 12 months of service.

It was previously at 50% the first year, and then 75% the following year.

The summary includes the cost for providing increases to Pay Differential 85 (Shift Differential) which is offset by the fact that it will no longer be PERSable.

FY13-14 items already in the Governor's Budget FY13-14 have been added to this costing summary as Non-Adds.

There are 5 additional months of 2016 health, dental, and vision costs that are not displayed.

Travel costs will be absorbed by the department.

Per DOF, while PEPRA is in effect January 1, 2013, savings are not realized until January 1, 2015.
