LEGAL ASSISTANCE

Balancing the needs of your personal life with your job responsibilities isn’t always easy. It can be particularly difficult when legal issues arise. EAP offers legal consultation services to help you navigate a broad array of legal concerns and provide you with information and resources to organize your affairs.

Legal consultation services provide guidance and direction on a variety of issues. EAP offers one, free 60-minute consultation per issue, per year on the phone or in-person with an attorney on most legal concerns (with the exception of legal consultation regarding employment matters).

For services beyond 60 minutes, you will receive a preferred discount rate of 25% or greater off the hourly fee, based on the types of services you utilize.

In addition to telephone and in-person consultation, you may access tools and resources online through the EAP website. Tools and resources include:
