Exclusive Representative: IOUE
Bargaining Unit 12

November 29, 2011

State Fund plans to layoff employees in Bargaining Unit 12 early 2012. To mitigate this layoff State Fund will offer employees a transition package in lieu of layoff in exchange for employees waiving certain rights defined below. These positions are in areas where work has been significantly reduced or has disappeared over time as business processes/practices have evolved to enable State Fund to serve all California businesses efficiently and to be fairly competitive (State Fund's mission and charter), and to provide services that are responsive to customers' evolving needs (State Fund's vision).

A. Transition Package

1. Transition payments will be offered to the number of employees identified in the list of classifications and counties on page 3 as a pre-layoff mitigation. Employee in those classifications and counties may participate.
2. Employees in eligible classifications shall have the option to separate or retire and select a transition package by December 15, 2011. The employees' final day of work will be no later than December 31, 2011, and State Fund will make the transition payment checks available as soon as possible. It is understood that implementation of the transition package may be subject to final approval by the Joint Legislative Budget Committee (JLBC).

In the event the transition package does not receive approval by the JLBC, this agreement is null and void.

3. The transition amounts will be as follows and will not be subject to PERS:

Employees with eighty-four (84) or more months of State service shall receive six (6) months of wages, calculated at the top step of their wage classification, plus \$9,000 (could be used for COBRA, lost vacation or annual leave accumulation etc.).

Employees with eighty-three (83) or less months of State service shall receive four (4) months of wages, calculated at the top step of their wage classification, plus \$6,000 (could be used for COBRA, lost vacation or annual leave accumulation etc.).

Attachment A is a list of the classifications eligible for the transition package and the amount of compensation employees in each classification are entitled to receive.

4. State Fund shall not dispute any valid claim for Unemployment Insurance benefits from employees who have accepted the Transition Package in the scope of the voluntary layoff.

- C. In recognition of potential hardship of relocating 50 miles or more as part of the State Fund's Three-Year Strategic Plan and subsequently being potentially laid off; State Fund agrees to assist employees in returning to their prior area of residence.

1. Buyout of rental leases or payments of penalties for breaking lease agreements.
 2. In the event the employee purchased a home, reimbursement of costs associated with the sale.
 3. 24 hours of paid administrative time to locate new housing, pack, etc.
- D. No later than December 30, 2011, State Fund will provide IOUE with a complete list of all IOUE represented employees who have selected a transition package.
