Authority - Government Code 19134 requires the Department of Human Resources to set the minimum rates that departments must pay if they employ individuals through personal service contracts for the services listed in the chart.

These rates reflect the employee wages and benefits that are valued at least 85 percent of the state employer cost of wages and benefits provided to state employees for performing similar duties.

Benefits include health, dental, vision, holidays, sick leave, vacation, and retirement.

The holiday calculation is based on 11 holidays per Government Code 19853.

The Employer Contribution Retirement Rate for State Miscellaneous members is 29.396% and for State Safety members is 21.534% for FY 2018-19 (Source: CalPERS). State Safety classifications are designated with \* in the class title.

The highlighted benefit amounts use the employer contribution to health, dental, and vision benefits for supervisory employees.
