**PECG'S "SUNSHINE" COLLECTIVE BARGAINING PROPOSALS
FOR THE NEXT UNIT 9 MOU
BETWEEN PECG AND THE STATE**

Professional Engineers in California Government (PECG), representing the employees in the Professional Engineer Unit, Unit 9, proposes to meet and confer in good faith with the state on any or all of the subjects contained in the 2013-2015 Unit 9 Memorandum of Understanding (MOU). This includes any and all articles, sections, appendices, side letters, and subjects reasonably related to those provisions. PECG anticipates offering proposals regarding individual, departmental, and Unit 9 responsibilities and workload. A multi-year contract must include provisions or incorporate statutes which insure its provisions will be honored. PECG may make additional proposals or counterproposals as issues arise during the course of bargaining.
