GENERAL INSTRUCTIONS**FOR SECTION I**

- A. Salaries for individuals hired under Section I of this authorization are a "plus" adjustment and will be shown as the base salary and a "plus" adjustment on the appointment documents. The base salary is the rate in which the employee is entitled to receive by applying the appropriate salary regulations. The plus rate is the rate the employee receives to equal the Hiring-Above-Minimum (HAM) Total Salary.
- B. The "plus" adjustment under this authorization is continued as employees receive merit salary adjustments (MSA), general salary increases (GSI), and special salary adjustments (SSA). The example below demonstrates that the increase is calculated on the employee's base salary and total salary. After calculating the increase to both the base and total salary, subtract the base salary from the total salary and the difference is the employees plus rate. The employee receives a plus rate until the base salary is maximum of the classification and the plus rate is \$0.

EXAMPLE

1. Determining how to calculate an MSA when there is a HAM rate:

HAM/Total rate:	\$7,519
Base Pay:	\$6,399
Plus rate:	\$7,519 - \$6,399 = \$1,120
Salary Range:	\$6,399 - \$8,136

	(a)	$1.05 \times \$6,399 = \$6,719$ (New Base)
	(b)	$1.05 \times \$7,519 = \$7,895$ (New Total)
	(c)	$\$7,895$ (New Total) $-\$6,719$ (New Base) $\$1,176$ (New Plus)
2 nd MSA	(a)	$\$6,719 + \$1,176 = \$7,895$ (Old Total)
	(b)	$1.05 \times \$6,719 = \$7,055$ (New Base)
	(c)	$1.05 \times \$7,895 = \$8,290$ (New Total); $\$8,290$ exceeds max. New total will be max of class $\$8,136$. The "Plus" will now start to reduce.
	(d)	$\$8,136$ (Total/Max) $-\$7,055$ (New Base) $\$1,081$ (New Plus)
3 rd MSA	(a)	$\$7,055 + \$1,081 = \$8,136$ (Old Total/Max)
	(b)	$1.05 \times \$7,055 = \$7,408$ (New Base)
	(c)	$\$8,136$ (Total/Max) $-\$7,408$ (New Base) $\$728$ (New Plus)
4 th MSA	(a)	$\$7,408 + \$728 = \$8,136$ (Old Total/Max)
	(b)	$1.05 \times \$7,408 = \$7,778$ (New Base)
	(c)	$\$8,136$ (Total/Max) $-\$7,778$ (New Base) $\$358$ (New Plus)
5 th MSA	(a)	$\$7,778 + \$358 = \$8,136$ (Old Total/Max)
	(b)	$1.05 \times \$7,778 = \$8,167$ $\$8,167$ exceeds max. New base will be max of class $\$8,136$ and there will no longer be a plus.

2. Determining the HAM rate when the salary determination results in a base salary less than the HAM rate.

- a. Employee's base salary rate is \$2,517.
- b. To determine the plus adjustment, subtract the employee's base salary rate from the total HAM rate.

$$\$2,630 - \$2,517 = \$113$$

- c. Employee's total salary rate is:

$$\$2,517 + \$113 = \$2,630$$

- d. Follow the steps in Section 1 above for processing salary increases until the plus rate is \$0.
- C. Special in-grade salary increases (SISA) for incumbents of classes in Section I are not allowed. Eligibility for a SISA requires the employee be at a salary that is minimum of the classification range.
- D. Any present employees, upon the effective date of a HAM authorization for a class and location who are receiving salaries lower than the approved HAM may receive a "Plus" adjustment to equal the approved "HAM TOTAL SALARY." Employees receiving an increase based on the approved HAM shall receive a new salary anniversary date as of the effective date of the HAM authorization pursuant to California Code of Regulation 599.683. Example: Effective January 1, 2004, a class in Los Angeles is approved for a HAM authorization to total \$2,350, the minimum of the class is \$2,000 with a plus of \$350 to equal a HAM TOTAL SALARY of \$2,350. All employees receiving a salary in the class and location lower than \$2,350 may receive a plus salary adjustment to equal the \$2,350 HAM TOTAL SALARY. Employees in the class and location at or above the \$2,350 salary rate shall receive no HAM adjustment.

If an employee receives an increase, their salary anniversary date shall be adjusted as of the January 1, 2004 effective date of the HAM authorization. If the amount received adjusts the employee's salary by less than 5%, the employee shall be entitled to an accelerated anniversary date. Refer to Section 9 of the Pay Scales for information on accelerated anniversary dates.

- E. A HAM authorization granted for a local recruitment difficulty is for that location only. If an employee leaves the area approved for a HAM, the HAM is cancelled and the employee's salary is restored based on service in the class without the plus adjustment. However, if the employee has served a minimum of two (2) years in the class, use the employee's combined salary rate (base salary and "plus") for the new "base" salary upon movement.

If the employee receives an increase, a new salary anniversary date is established effective the date the employee moves to the HAM location pursuant to California Code of Regulation 599.683. When a HAM authorization expires or is terminated, employees shall retain their HAM rate, their salaries are not affected by cancellation of the HAM.

- F. When computing the salary for an employee who moves to another class with a higher salary range under California Code of Regulations 599.676, use the combined salary rate (base salary and "plus") to compute the new appointment rate. On such a move, a new "plus" adjustment is not authorized except when the new class has an authorized HAM and the promotional rate is less than the authorized HAM rate.
- G. When computing the salary for an employee who moves by appointment from an employment list under California Code of Regulations 599.674 or 599.676 or as a result of Board action under California Code of Regulations 599.674 or 599.688 to a class with substantially the same salary range, use the employee's combined salary rate (base salary and "plus") to compute the appointment rate.
- H. When computing the salary for an employee who moves to a class with substantially the same or a lower salary range under California Code of Regulations 599. 674 or

599.675 other than by appointment from an employment list, use the employee's base salary rate to compute the appointment rate. If the employee has served for a minimum of two (2) years in the "FROM" class, use the employee's combined salary rate (base salary and "plus") to compute the appointment rate.

- I. Alternate range movement for a class receiving a HAM will be calculated by multiplying the base salary rate and the total salary rate by the salary increase authorized under the established alternate range criteria. The new plus adjustment is calculated by subtracting the base salary rate from the total salary rate.

Example: The alternate range criteria authorizes salary movement based on California Code of Regulation 599.676.

Employees current base salary rate = \$2,397.

Employees current plus rate = \$233.

Employees current total salary rate = \$2,630.

$\$2,397 \times 1.05 = \$2,517$. (New Base)

$\$2,630 \times 1.05 = \$2,762$. (New Total)

$\$2,762 - \$2,517 = \$245$. (New Plus)

If the "TO" alternate range also has a HAM, and the employee's new rate is less than the HAM rate, then a new "plus" is established accordingly (see Section D above).

When movement is based on California Code of Regulation 599.681, find the dollar difference between the maximum salary rates of the alternate ranges and add to both based on salary and total salary. The new plus adjustment is calculated by subtracting the new base salary rate from the new total salary rate.

- J. The salary rate paid to employees who are reinstating after separation from a class authorized a "plus" salary adjustment is determined by the California Code of Regulation 599.677. Generally, employees should be rehired under the hiring-above-minimum authorizations in effect at the time of rehire. However, reinstated employees may be hired at a rate equivalent to the rate they last received, adjusted for any general salary increases which occurred during the period of separation. Departments using their discretionary authority should consider the employee's value to the State and equity among employees in the class.
- K. If CalHR determines that a classification is no longer eligible for a HAM plus rate, the employees base pay is increased to include the HAM rate and the HAM plus rate is removed. Additionally, classifications will be removed from Section 5 when the minimum of the classification is increased to a rate that exceeds the HAM rate. If the employees base pay will not exceed the rate received with the HAM, the employees base pay is adjusted to include the HAM rate, and the HAM rate is removed. In cases where the new minimum of the classification is at or exceeds the employees rate including the HAM, the HAM plus rate is removed and the base pay is not adjusted.
- L. The rate authorized under Section I will be honored for any individual to whom a firm job commitment is made during the effective period of this authorization if the individual reports to work not later than 30 calendar days after cancellation of this authorization.

- M. Percentage based pay differentials are calculated using the base pay amount and not the HAM plus total salary.
- N. The maximum salary rate of the class is determined using the employee's base salary rate. Total salary, including a HAM rate, does not determine whether an employee has reached the maximum of the class.

SECTION II
(Abolished – PL 07-14)

SECTION III
(Abolished – PL 24-20)

SECTION IV
(Abolished – PL 08-33)

SECTION V

Section V applies to employees appointed by EMSA. Employees entitled to the HAM authorizations identified below include all new hires as of 03/09/20 in the following classifications listed.

Class Code	Class	CBID	Department Location(s)	Range	Hiring-Above-Minimum Total Salary Rate
7551	Physician and Surgeon	R16	EMSA	Rg A Rg B Rg C Rg D	\$10,161 \$12,310 \$12,904 \$13,278
9839	Senior Psychologist (Health Facility) (Specialist)	R19	EMSA	Rg A	\$7,462
9847	Staff Psychologist - Clinical-	R19	EMSA	Rg A	\$6,797
8276	Respiratory Care Practitioner	R20	EMSA	Rg A Rg B Rg C	\$4,244 \$4,431 \$4,630

Instructions for Section V

Rates for individuals hired under Section V of this authorization will be shown as the base on the appointment documents.
